

STAINLESS STEEL WINE BARRELS

Fine winemakers around the globe are turning to steel cooperage because of its product integrity, longevity and material purity. Innovative Stainless Steel Wine Barrels are designed for all stages of development, fermentation and maturation. Use them to complement your oak barrels—for storage, aging, topping-off, experimentation or when oak notes are undesirable. Our 55 Gallon Drums are designed to fit standard wine barrel racks. We also offer stainless steel fittings to aid in micro-oxygenation, for better control of tannins, color stability and aroma integration.

We offer 3 sizes of crevice-free, seamless stainless steel wine barrels (items 025, 055 and 075). This design is the easiest to clean, virtually eliminating any accumulation of bacteria.

Part Number	IW55TB
Volume	55
Style	Tight Head
Body Style	Crevice-free, Stainless
Material	Stainless Steel
Thickness (tp/bd/bt)	1.5/1.5/1.5
Fittings and/or Gasket	2" Tri-Clover Fitting in Middle 1/3 of body
Exterior Color	Natural
Interior Color	Natural
Weight	59.00 LBS
Inside Diameter	22 1/2 Inches
Inside Height	32 5/8 Inches
