## Polyethylene/Polypropylene Cubitainer® Faucet

*Eliminates the mess of filling small neck bottles*

- Narrow 8 mm spout easily fills bottles
- Polypropylene/polyethylene construction
- 100% FDA Compliant construction

Filling free flowing liquids through small openings can be a frustrating and messy process. This faucet is specially designed to work with bottle openings as small as 3/8". Polypropylene/polyethylene construction handles almost any non-flammable liquid. Half-turn on/off for quick, precise flow control.
